**Robust
and reliable
address printing
at speeds up to
13,000 per hour**

The 13K is the world's leading 600 dpi address printer, providing the professional mailer with the industry's finest Hewlett-Packard inkjet print quality and unparalleled durability and reliability. This printer offers the frequent mailer the opportunity to quickly, easily and professionally print over 13,000 mail pieces per hour with Hewlett-Packard 600 dpi inkjet technology. Mail pieces as thick as 1/4 inch can be accommodated.

Graphic images and barcodes can be printed anywhere on the mail piece at print qualities of 150, 300 or 600 dpi. In addition to supporting any Windows-compatible font, the 13K has twelve internal type faces, which are scalable from 4 to 30 points and can be combined with the internal attributes of bold, italic, outline and variable-width. These combine to create 11,040 different fonts for each character! No other company offers so many internal fonts.

The 13K is a PCL-5 graphics printer that can interface with any PC, mini, or mainframe. We include Windows 95®, Windows 98®,Windows NT® 4.0,Windows 2000®, and Windows XP® drivers
