Quick and Easy Addressing Saves Time and Money

Secap 5K-LE
Desktop Inkjet Address & Barcode Printer

Compact and Affordable, Entry Level Inkjet Addressing

The Secap 5K-LE, entry level inkjet printer, offers the occasional mailer the opportunity to get into direct address printing at an affordable price. This compact, desktop printer allows you to complete your mailings without leaving your desk and makes it easy to communicate with your customers and prospects. Printing up to 5,000 envelopes per hour you can meet your mailing requirements today with the 5K-LE.

- Address outgoing mail fast and easy
- Handles a variety of common office media including postcards, envelopes and more!
- Lightweight, portable desktop printer
- Simple "plug and play" interface with your computer and database
- Enhance the look of your outgoing mail using logos, graphics and message lines.

Get Your Mail Out Faster & Easier with Professional Results

Improve the productivity in your office with high quality (600 x 300 dpi), direct address and barcode printing. The 5K-LE is a compact desktop machine that lets you accomplish your mailings quickly and efficiently right from your desk. Just hook up to your computer and database and go!

The 5K-LE prints up to 5,000 pieces/hour reducing preparation time. And by applying USPS barcodes you can take advantage of auto-mated postal discounts. Unique messages can be created using logos and graphics along with your Windows based fonts that can be printed anywhere on the mail piece. Professional looking mail will help to get your mail opened and read! With the ability to handle a wide range of media, your outgoing mail can now be printed in-house with professional results!
